FELCO 14 & FELCO 15
Two new models of compact, lightweight and extremely efficient pruning shears. Available with a fixed handle (FELCO 14) or with a revolving handle (FELCO 15), these pruning shears are particularly suitable for small hands... and larger ones.

CUTTING EFFICIENCY
The optimised curve of the cutting head holds the branch close to the center of the cutting head to prevent branch from slipping out during the cut. Cutting is both powerful and smooth.

MANOEUVRABILITY
The design, which is slim and efficient, makes for optimal manoeuvrability and easy access to the branches you want to cut.

ERGONOMICS
The carefully designed ergonomics of the shears, the angled cutting head and the shock absorbers make them easy and comfortable to use, while providing easy handling. Reduction of force required from the wrist and hand.

Cutting diameter: 0.7 inches

Easy adjustment of the cutting head
- Micrometric adjustment system proprietary to FELCO
- Clean and precise cutting

Blade
- Slightly curved for powerful and smooth cutting
- Blade made of high-quality hardened steel
- Wire cutting notch

Counter-blade
- Holds the branch and reduces cutting effort
- Counter-blade made of high-quality hardened steel
- Sap groove

Angled cutting head
- The angled cutting head ensures the user’s hand is in a comfortable position while working, thus reducing muscle tension.

Durability
- All components of FELCO pruning shears are replaceable, allowing the owner to extend the life of the tool indefinitely.

FELCO 14 & FELCO 15
Two new models of compact, lightweight and extremely efficient pruning shears. Available with a fixed handle (FELCO 14) or with a revolving handle (FELCO 15), these pruning shears are particularly suitable for small hands... and larger ones.

Cushioned shock absorbers
- Maximum comfort
- Shock absorbing
- Reduces fatigue

Ergonomic handle
- Optimal handling
- Very comfortable to use
- Superior force distribution
- Lightweight handles in forged aluminium (lifetime guarantee)
- Phthalate-free non-slip coating
- Optimised cutting action thanks to the revolving handle (FELCO 15)

For all types of pruning work
- Designed carefully down to the least detail, FELCO 14 and FELCO 15 are particularly suitable for pruning work in arboriculture, landscaping, gardening, viticulture and nurseries.

Environmentally responsible production
- FELCO pruning shears are produced using 100% renewable energy reducing their environmental impact.
